Forecast for Monday 30 May 2022

Weather: Patchy cloud through the early hours with a few light showers. A cloudy start to the morning with scattered light rain or showers and occasional low cloud around summit height. Cloud lifting and becoming more broken towards midday with a few heavier showers possible for a time though some bright or sunny spells too. Showers easing later with a mostly dry evening and some bright periods.

Chance of cloud-free hill tops above 700m: 70% early hours, 50% morning, 90% afternoon and evening.

Low cloud and visibility: Occasional low cloud above 700 m through to start the morning. Any low cloud mostly lifting through the morning and generally above the summits by afternoon. Very poor visibility within cloud otherwise good occasionally moderate in showers.
